Text Responses

Improvement suggestions

More in class demonstrations.

Nothing. the course is great and fun as it is.

Increase the pre-reqs so it can move a bit faster, other than that there's not much to improve.

Comments for professor

Great class, fantastic professor. Sad to see him leave for Northeastern!

Nate is one of the smartest professors at Wentworth, and does an amazing job at conveying material. He won't stop until every student understands every piece of material.
